

*"A refreshing and thought-provoking approach that gives you actionable tools to purposefully advance your career"*

*"Excellent Book – This book showed me blindspots I didn't even know I had as well as show me what I can do about them. Great read."*

*"A great guide to breaking out from the 95% of people stuck in their careers"*

*"Must Read - This book is amazing! I would recommend to everyone who is either settled in their career or feels a little lost. It has the perfect amount of interaction activities along with some humour and 'real life' experiences which help you to relate!"*

*"Amazing Book! – Cannot recommend this book enough! It is suited to all industries! Such an easy read, which invites you to spend some time reflecting on your working and personal practices"*

*"Full of very useful ideas – The kind of book you wish you had read at the start of your career"*

*"A real game changer for young professionals - This book is hugely informative. It inspires you to make positive changes every time you pick it up. It is a must-read for any aspirational person, but there are also nuggets of wisdom that anyone can apply to their work. Great stuff."*

*"Recommended read - I have read many management tool guides and self-help books; this is one that you can pick up regularly to get some reassurance and guidance from. It's user friendly, giving some helpful tips on navigating not only career moves, but performance and value within an existing organisation. The way it is laid out makes it a 'go to' reference guide that feels real!"*

*"An excellent accompanying hand – This book has all the hallmarks of an excellent handbook to follow a course for executives and prospective executives. The layout and reviews would make course notes readable and longer lasting. It reminds me of some of the better Leadership and Management courses I have attended over the years with the added benefit, it's about leading yourself and being honest about what you need to do"*

*"Perfect tool for self-development and career progression - Only starting my sales career a year ago, this book has been a great tool to assist me with the continual development of my career! If I have been stuck for ideas or not sure what approach to take, I have used this as a quick & easy tool to help provoke some thoughts. I'd highly recommend this book to anyone who is looking to self-develop and be the best version of themselves!"*

*"An uplifting easy to read guide to boost, shape or kick start your career - The first few paragraphs of this book piqued my interest. As a HR professional I've read books, white papers and articles on how to get on, how to develop and how to succeed at work. The words trust, adding value and helping hit the nail on the head for me. I liked the visuals and the welcoming and open language. Happy reading!"*
